

"My sixteen-year-old son has been taking piano lessons at Rowan Community Music School for the past 8 years, and my twelve-year-old daughter just started over the summer. I am most impressed by their teacher, Marilyn Rabbai, who is so supportive and inspiring! She strikes a perfect balance between acknowledging their hard work and successes while also challenging them in ways that are always fun, professional, and most importantly, kind."

— CINDY KOPP, PARENT
