We are offering annual corporate sponsorship opportunities that will include maximum visibility through recognition at our concerts, on our website, in our regular newsletter, on our promotional items, and at our community events.

As a Rowan University Community Music School (CMS) Corporate Business Partner, your investment has a resounding impact on the arts and professional community and provides maximum visibility to set your brand apart.

Your corporate sponsorship has an immediate impact on our students and community, and makes a real difference to provide scholarships for students, innovative community offerings, enhanced learning environments, and world class performing experiences.
